

## BAKER JOINS IN ARIZONA FIGHT

**Directs That Mail for Adjutant General Be Sent to Governor.**

Phoenix, Ariz., Aug. 27.—Secretary of war Newton D. Baker has asked postmaster general A. E. Burleson to order all mail sent by the war department to the adjutant general of Arizona delivered to governor Thomas E. Campbell. This development in the fight between the governor and Col. Charles W. Harris, who the state's executive is trying to oust from office, became known when a letter was received at the governor's office enclosing a copy of the correspondence between the two cabinet officers.

The letter of the secretary of war is a sequel to a letter recently addressed to the governor advising him that hereafter until further notice all communications with the state of Arizona would be addressed to the governor and not to the adjutant general. Local postal authorities, however, were confronted with the problem of what to do with considerable mail which had been sent out by the war department before the order to secretary Baker to address everything to the governor had been made. Harris declared that he was in possession of the records of the office and that he was at least a de facto adjutant general.

The governor, who some months ago notified Harris that he had been removed from office and who appointed Capt. Walter S. Ingalls to take his place, felt sure that the mail should be delivered to Capt. Ingalls, who now has an office in the state house. When the postal officials here upon advice of United States attorney Flynn, decided to hold the mail until they could receive instructions as to whom they should deliver it, they found themselves unable to obtain satisfactory orders.

A wire to Washington brought directions to deliver the mail to the adjutant general. As that is the very question that the superior and supreme courts have not yet determined, the local postoffice forces were as much at sea as ever. Meanwhile the mail has been accumulating. The letter of secretary Baker to the postmaster general follows.

"The secretary of war presents his compliments to the honorable the postmaster general and has the honor to request that he direct the postal authorities in Arizona to turn over to the governor of Arizona all mail addressed to the adjutant general, state of Arizona, from the war department, or should there be any question as to this procedure, that such war department mail as may be on hand be returned for the purpose of being re-addressed."

## MAJOR IS ARRAIGNED IN ALLEGED FRAUD PLOT CASE

Detroit, Mich., Aug. 27.—Major Leslie Waterbury, formerly salvage officer in the American expeditionary forces and indicted by a federal grand jury on the charge of complicity in an alleged conspiracy to defraud the government in the sale of \$34,000,000 worth of ordnance supplies, was arraigned in federal court Tuesday and stood mute.

Judge Tuttle ordered a plea of not guilty entered. Waterbury furnished a cash bond of \$1500 and probably will be brought to trial September 3.

## DR. THOMAS COMMISSIONED PAST ASSISTANT SURGEON

Dr. G. N. Thomas, who took his discharge from the navy a week ago, received a commission today from the secretary of the navy as past assistant surgeon. The commission was issued at Washington before his discharge here as assistant surgeon. The question is now whether he is in or out of the navy. The new commission gives him rank as a lieutenant, a grade above that which he served and from which he was discharged last week.

The postoffice at Bragville, Mass., has been closed because no one will act as postmaster, the salary being small and the incumbent not allowed to do outside work.—From Leslie's.

## Call Meeting To Plan For Trade Trip

**El Pasoans Will Visit in Texas and New Mexico in Automobiles.**

A meeting of members of the jobbers and wholesalers department of the chamber of commerce has been called for Thursday afternoon at 4 o'clock at the office of that organization to plan a trade boosting trip into New Mexico. The meeting has been called by A. U. Tadlock, director of the traffic department.

Among the local manufacturers and jobbers advocating the trip are W. C. Tinsmith and E. G. Krupp. They plan to have about a dozen wholesalers and manufacturers en route to El Paso, Carlsbad, Artesia, Roswell, Portales and other towns in this trade territory to get acquainted as to land orders for El Paso products.

## War Derelict Tells Police Of Career In Crime

**Austrian Youth Confesses to New Mexican Authorities, Says Sheriff.**

San Antonio, N. M., Aug. 27.—Feliz Janorha, alias Jack Hansen, arrested in Albuquerque and brought back to Santa Fe by sheriff George W. Armijo, has confessed to the authorities, according to the sheriff, that he robbed, or tried to rob, the Wood-Davis Hardware company's store on the Plaza; E. G. Simlar's shoe store, H. C. Yonta's jewelry store, the Capital Vaudeville company's office and the Spanish cafe.

In several of these places money and merchandise were stolen, but not to any large amount. He told the police he left Crasow, Austria, when the postmaster general, and his associates, stole him, who trained him. He joined "The Secret Ten" at Loswell, N. M., he said, and assisted them by standing guard while they committed robberies. He was well paid for that, he said, and finally the gang was arrested and he was sent to the reform school for nine months.

After his discharge he was unable to get work in the east and came to New Mexico, landing in Albuquerque, where he was unable to secure employment and made his way to Santa Fe in July. He could get no work and, therefore, planned the robberies, said the sheriff.

## RAILROAD ASKS MORE TIME TO COMPLY WITH ORDER

Phoenix, Ariz., Aug. 27.—Application for an extension of time in complying with the order of the Arizona corporation commission in the matter of overhead electric line construction has been filed by the A. T. & S. P. Railway company, which owns and operates the electric line and power plant at Winslow, Ariz.

The company states that, although the order was issued in 1914, it did not become the order of the property until 1917. During the war, the petition states, prices of materials and scarcity of labor made it impossible to comply. Reference is made to the fact that the order was not adopted in 1914 by vote of the people shall govern. The company asks that it be granted an extension of time until this matter is settled.

"Ace" Makes Round Trip. Toronto, Ont., Aug. 27.—Col. W. J. Barker, famous Canadian aviator, flying a captured German biplane, completed the round trip from Toronto to New York in the International aerial derby. The first half of the journey from Toronto to New York was accomplished in four hours and three minutes. Good weather conditions on the return journey cut the record to five hours and 22 minutes.

## POLICEMEN REFUSE TO HOLD UP HANDS; ARREST SOLDIERS

Shortly after 3 o'clock Wednesday morning the police received a call from a hotel at Seventh and South El Paso streets, saying two intoxicated soldiers had everybody in the place covered with their guns.

The call was answered by police captain A. S. Stinson, detective P. M. Jacobs and policemen L. T. Robey and W. C. Woolberton. Capt. Stinson was the first to arrive, and one of the soldiers tried to make him put on his hands, but failed. The soldiers were arrested and gave their names as Bradley and Morgan of company A, 15th infantry. Charges of being drunk, disturbing the peace and assault were filed against them. Later they were turned over to the provost guard.
